

UNIL is a leading international teaching and research institution, with over 5,000 employees and 15,500 students split between its Dorigny campus, CHUV and Epalinges. UNIL and CHUV encourage excellence, individual recognition and responsibility.

The Faculty of Biology and Medicine ([FBM](#)) and the Lausanne University Hospital ([CHUV](#)) are inviting applications for a position of:

**Senior physician and Full Professor
in the field of sports cardiology
within the
cardiology Service of the CHUV (30%) and the Institute of sports sciences UNIL (70%)**

[The cardiology Service](#) is a center of excellence and innovation in the cardiovascular field. It receives adult patients for any disease affecting the heart. It offers a wide range of investigations and treatments, from the simplest to the most complex cases. For sports cardiology, the clinical-academic collaboration is also with our Sports Medicine Center, labelled Swiss Olympic Medical Center, which is aimed at people wishing to start a sports activity for health reasons.

The Institute of Sport Sciences of the University of Lausanne ([ISSUL](#)) has become a center of excellence in both education and research in the field of sport sciences. The ISSUL is an interfaculty institute, attached to both the faculties of Social Sciences and Biology and Medicine. The exceptional environment for the practice of sports, the proximity of Lake Geneva and the Alps, the presence in Lausanne of the IOC and the major sports federations, associated with the best experts in each sport, allow us to offer excellent practical training.

Main missions:

- Consultation of patients hospitalized for cardiac pathologies associated with sport within the institution
- Carrying out examinations in the sector's ambulatory consultations with supervision or practice of echocardiography, practice of ergometry or ergospirometry
- Participation in pre- and post-graduate teaching in cardiology
- Responsibility for clinical research protocols in the field of sports cardiology
- Responsible for the interaction between the ISSUL, the physical medicine and rehabilitation Service and the cardiology Service for research in the field of cardiology.

Desired profile:

- Federal medical diploma or recognized title ([Mebeko](#)); MD or MD-PhD
- ISFM specialist title in cardiology, or equivalent recognized titles ([Mebeko](#))
- Proven training and experience in the field of sports cardiology
- Autonomy in making clinical decisions regarding the management of cardiology patients
- Autonomy in performing and interpreting non-invasive diagnostic tests
- Academic knowledge of faculty rank with proven practice in pre- and post-graduate education
- Ability to develop clinical research programs that can be supported by expert external funding
- Good communication and diplomacy skills, ability to listen carefully to the professional community and willingness to foster interprofessional collaboration, open-mindedness and flexibility
- Good knowledge of French (LM or minimum B2, C1 ideal) or ability to acquire it quickly.

Further information may be obtained from [Prof. Lucia Mazzolai](#), Head of the heart and vessel Department or [Prof. Olivier Müller](#), Head of the cardiology Service.

Applications, in English, will include a motivation letter, a curriculum vitae, a copy of the five most relevant publications, as well as names and contact information of three referees, a brief statement of research interests and teaching experience and a copy of diplomas.

They should be submitted online by **February 13th, 2022 (23:59 GMT+1)** to www.fbm.unil.ch/releve/application/ as a single PDF file.

The job description is available on [the same link](#) (or QR code).

We offer a pleasant working atmosphere in a multicultural, diverse and dynamic academic environment. There are possibilities for continuing professional education and a multitude of activities and other benefits to discover.

UNIL and CHUV are committed to promoting gender equality and diversity and strongly encourage applications from female candidates. www.unil.ch/egalite
